CITY OF HILLSBORO

ONE AND TWO FAMILY DWELLINGS PERMIT & SYSTEM DEVELOPMENT FEES FOR NEW CONSTRUCTION

This informational sheet is based on fees effective April 1, 2014. If you are interested in a Residential quote, please contact the Building Department at (503) 681-6144.

To facilitate the permitting process the City of Hillsboro maintains a "one-stop" permitting center. Therefore, all the documents and fees associated with a project are submitted and collected at one location. However, some of the fees associated with the project are not in direct control of the COH building department but are collected by the department and passed through to their respective agencies. These fees are: 1. Construction excise tax (Metro and School), 2. Water Fees, 3. Sewer Fees, 4. Traffic Impact Fee, 5. Surface Water Management, 6. Parks, 7. Erosion Control. For that reason we have included telephone numbers and contacts for other agencies in the event that the applicant has questions regarding these fees.

*A Sensitive Area Pre-Screen provided by Clean Water Services will be required for any lot or subdivision platted before September 1995.

BUILDING FEES

The building fee is calculated by using the following non-varying rates per square foot to figure the project valuation:

\$110.29/sq. ft. for a wood frame house \$42.48/sq. ft. for a wood frame garage \$21.24/sq. ft. for carport/covered porch, patio or deck

Based on this square footage valuation, see the attached Building Permit Fee Chart to determine your structural plan review fee and total building permit fee.

Structural plan review fee is calculated at 65% of the permit fee. Plan review fee is due upon submittal.

The 40% FLS (Fire & Life Safety) plan review fee does not apply to single family residential permits.

PLUMBING FEES

The plumbing fee includes all plumbing fixtures in the dwelling and the first 100' of water service, sanitary sewer service, and storm sewer service base on the following:

1	bath	\$295.00 +	12%	state	surcharge
2	bath	\$413.00 +	12%	state	surcharge
3	bath	\$472.00 +	12%	state	surcharge

MECHANICAL FEES

The mechanical fee is base on the amount of heating, ventilation, and air conditioning being installed. Since fees are based on a wide range of variables, actual fees cannot be determined until plans are reviewed. The estimated average for a new home is under \$180.00.

ELECTRICAL FEES

The electrical fee for new residential construction is calculated on the total square footage of the dwelling including garage as follows:

1000 square feet or less	\$151.04
Each additional 500 sq. ft (or portion of)	\$25.96
Subtotal + 12% state surcharge = Total Electric	cal Fees

RESIDENDIIAL FIRE SUPPRESSION SYSTEMS

See the attached table to determine fees for this system.

LIMITED ENERGY FEES

If the limited energy is purchased with the regular electrical permit the fee is \$35.40 + 12% state surcharge, if purchased separately the fee is \$70.80 + 12% state surcharge.

CONSTRUCTION EXCISE TAX

Metro C.E.T. – The tax is assessed at 0.12 percent of the value of the improvements for which a permit is sought. FOR PROJECTS OVER \$100,000 OF VALUATION:

\$100,000 to \$999,999 - \$630.15 for the first \$100,000 and \$3.19 for each additional \$1,000 or portion thereof

\$1,000,000 and above - \$3,501.15 for the first million and \$3.19 for each additional \$1,000 or portion thereof

To determine the structural plan review fee, multiply the building permit fee by 65%. For the fire & life safety plan review fee, multiply the building permit fee by 40%. For the state surcharge, multiply the building permit fee by 12%.

EXAMPLE: \$450,600 valuation

\$630.15 First \$100,000 valuation

\$1,119.69 (351 x \$3.19) additional \$350,600 valuation

\$1,749.84 Building Permit Fee

\$1,749.84 x 65% = \$1,137.40 Structural Plan Review Fee

\$1,749.84 x 40% = \$699.94 Fire & Life Safety Plan Review Fee (Com/Ind & Multi-Family Projects ONLY)

\$1,749.84 x 12% = \$209.98 State Surcharge
